TAPES

- | | | |
|--------|--|------------|
| ADNt01 | MURZOW (Japan) - Kibutsu C 45 | L. 7,500.- |
| | A famous Japanese group playing disarticulated improvised music with a late industrial vein. A very hard cassette, sometimes similar to Can. Ltd. ed. | |
| ADNt02 | NULLA IPERREALE (Italy) - Il nulla che attira a sé C 60 | L. 8,000.- |
| | Nulla Iperreale was a group of non musicians living in the suburbs of Milan. Their industrial noise is surely out of standard. | |
| ADNt03 | DIE FFRRM & NULLA IPERREALE (Italy) - In un silenzio oscuro C 60 | L. 8,000.- |
| | Eight musicians play the industrial symphony featured on this cassette. It's little less harsh than the previous one, but with more variations. | |
| ADNt04 | ELEKTROZANGE (Germany) - Meere atzender langeweile C 30 | L. 7,000.- |
| | All the musicians involved in this project participated to the group PD, now P16D4, from Mainz. The music is electronic, very strong and personal. | |
| ADNt05 | PASCAL COMELADE (France) - Milano enarmoniste C 70 | L. 8,000.- |
| | Comelade is surely one of the greatest characters of the new music. Side one features a live performance with Delcanto Orchestra and side two some of the little jewels he composed during the past years. The music is minimal, childish, touching but somehow very strong. | |
| ADNt06 | DEP1CIT DES AMIEES ANTERIEURES (France) - La famille des saltimbanques C60L. 8,000.- | |
| | D.D.A.A. is one of the best known groups riding the latest wave of avant-garde French music. They have always some surprises in their silk-hats and so it is for this cassette. | |
| ADNt07 | DIE FFRRM & NULLA IPERREALE (Italy) - Riflessi sensibili C 30 | L. 7,000.- |
| | This is the third work for ADN of this young group, that is developing well its talent, perhaps this is a more complex and complete cassette, an improvement of the first ones. | |
| ADNt08 | CINEMA VERITE (Germany) - Der weisse rausch C 60 | L. 8,000.- |
| | Two german guys, inested in cinema too, made other cassettes of hard electronic music before this one, not unlistenable, interesting and very well recorded. | |
| ADNt09 | HARTMANN/BOURBONNHOUSE QUALK (Germany/UK) - Music while you work C 80 | L. 8,500.- |
| | Two groups from Reelouse Organisation released this cassette for ADN, on the experimental side of rock music: an international plot against recording institutions for a free form of music. | |
| ADNt10 | Work in progress | |
| ADNt11 | IN CREATIVE METHODS (France) - Superstitions C 30 | L. 7,000.- |
| | This French duo, who published 2 LP's in the last years as a free jazz group, is not electronic oriented like the most of ADN tapes, they play a free music with reeds and percussions in evidence. | |

- ADNt12 F.A.R. (Italy) - Lust C 60 L. 8.000.-
An Italian electronic combo, with a nice female singer, plays very strong "songs" with many effects; one of the harshest tape in this catalogue and a fine cover.
- ADNt13 ZONA INDUSTRIALE (Italy) - Neutro C 45 L. 7.500.-
The edge of the music or noises? Listen to it and send us your answer!
- ADNt14 RICCARDO SINIGAGLIA (Italy) - Watertube ringspiel C 30 L. 7.000.-
Very different from other ADN tapes, it contains ambient music for a quiet listening played by a young Italian keyboardist, with conservatory experience, who played also with Aktunja, old Italian progressive group, in the seventies.
- ADNt15 DOXA SINISTRA (Holland) - Conveyor belt C 45 L. 7.500.-
No dance music, no noise, no pop songs: a blend of interesting and tasteful new "industrial" wave from this Dutch group.
- ADNt16 LA 1919 Spontaneo (Italy) - L'anorme tragedia C 30 L. 7.000.-
A young duo from Milan playing guitars and keyboards gives a short essay of its skill with conscious improvised music in this "Spontaneo" version.
- ADNt17 AROK (Italy) - Warm loeches dances C 60 L. 8.000.-
Enrico Fiva (i.e. Amok) found many of the sounds that compose this tape in a Scandinavian journey and put them together with minimalist taste.
- ADNt18 FIORI CARONES (Italy) - Solo ed esclusivamento C 40 L. 7.000.-
A limited edition cassette (only 105 made) with a very personal guitar sound, the principal aim of this young player is to extract a new noisy music playing a normal string instrument, a guitar. Did he reach his purpose?
- ADNt19 NEW SEVENTH MUSIC (UK) - In a dream C 90 L. 8.500.-
Long tracks which represent one of the best faces of minimal wave, it's the first New 7th Music cassette published by another label, after some auto-produced tapes; a revolution.
- OUT OF STANDARD!!:
- ADNCC1 DEUTSCHLAND 1 - with Chasev, Cinema Verità, Didaktische Einheit, Von Toxiqne lost, P16 D4, Schnitzler, S.B.O.T.H.I. C 40 L. 7.500.-
The first compilation cassette for ADN label, really out of standard!!,
with the most extreme music from Germany and an informative booklet.

A DUAL NOTE RECORDS

- DISCOIR DIE PYHM & MUTIA IPERHEALE/TASADAY (Italy) - Aprirsi nel silenzio LP 84 L. 12.000.-
1st vinyl work by this young Italian group, it's a step on if you listened to the cassettes, a more complete work with a special industrial/post industrial sound.
- DISCOIR MAZE 1066/TASADAY/LESS/TAC (Italy) - Ednattm LP 1984 L. 12.000.-
A compilation album with four groups from Italy, a blend of tunes and sounds from new jazz to an Italian way of playing atomic music.
